Key Financial Points

Bond issue is a \$5,850,000 request for a 14 year proposal. Estimated increase in tax for 2013 = 0 mills

MILLAGE COMPARISON

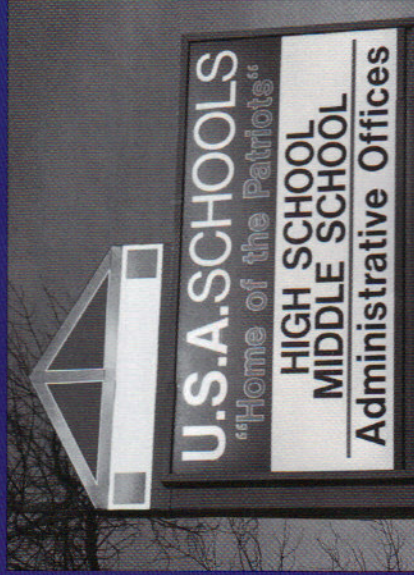

- Currently the district is levying 7 mills; this 7 mills was expected to reduce in 2016.
- We are asking voters if they would consider keeping the 7 mills consistent until 2027 for the purpose of completing the defined projects.
- The Department of Treasury is changing the extension process; therefore, this is the last opportunity the district can ask for the 7 mill extension of our current debt.

We Believe This Is The Best Solution For Our Times

This continues the commitment to address our building needs by creating facilities that support outstanding instruction and student achievement.

The High School is over 30 years old and in need of remodeling and upgrades.

INSTRUCTIONAL TECHNOLOGY IMPROVEMENTS

- Provide our students and staff with updated, modern, and flexible technology for future learning opportunities.

OPERATIONAL ENERGY EFFICIENCIES

- Enhance the learning environment at the middle school and high school with modernized digital controls and new energy efficient boilers.

Vote on Tuesday, February 26 from 7:00 am to 8:00 pm
